Why StarTech.com?

Hard-to-find Made Easy

The IT Professional's Source for connectivity accessories since 1985.

Connecting your IT solutions can be a challenge, and that's why we're passionate about making every step as easy as possible. StarTech.com has been the IT professional's choice since 1985, creating a portfolio of IT accessories supporting over 200 different technologies, from legacy to latest, and making them easy to identify, find, obtain, and use.

Why StarTech.com?

200+ Technologies Supported. StarTech.com offers a broad portfolio of connectivity products that help IT professionals enable their critical technology solutions. Our diverse selection of IT accessories support over 200 technologies, from legacy to the latest, including Thunderbolt 3 and USB-C.

Professional Grade Guaranteed Performance. StarTech.com products are tested and certified to ensure compatibility with unique and diverse connectivity solutions. They're developed and tested at our inhouse Innovation Lab, adhere to global compliance standards, and offer competitive warranties to maximize durability and performance.

Free 24hr Multilingual Support (Mon. - Fri.). Our experienced Technical Advisors are available 24 hours a day (Mon. – Fri.) to provide the free pre and post sales support you need to be successful. We also offer exclusive online resources, such as the ConXit Connection Wizard, that make it to easy to enable your IT solutions.
