

D&H

Boost Client Productivity with Z Central from HP

HP delivers a purpose-built solution stack for remote workstation access with Z by HP. This new solution rivals in office work with significant performance, cost, and security advantages over competitors.

Benefits of HP ZCentral

Z Desktop Workstations

can be centralized and rack-mounted, keeping performance close to data and ensuring your clients enjoy dedicated remote performance for compute intensive workflows

ZCentral Remote Boost Software

increases productivity with high-performance, high-fidelity remote workstation access

ZCentral Connect

manages access between groups of users and pools of workstations available

D&H
