

# UNIVERSAL HDMI® SCREEN SHARING

Connect your laptop to an HDMI projector and display content in an instant. Our ultimate single cable solutions feature the most popular connector types: Mini DisplayPort, USB-C®, HDMI and VGA\* eliminating the need for locating multiple adapters, which lowers productivity and clutters meeting room spaces.

Digital Multiport to HDMI AV Adapter  
B2B169

Multiport to HDMI Digital AV Adapter  
B2B166

Single Cable Solution

Universal Compatibility

Magnetized Cable Heads

Powered Via USB-A

\*B2B166 model only. B2B169 model does not have VGA

# SLEEK FINISH, ADVANCED CIRCUITRY

## SINGLE CABLE SOLUTION

Eliminate the need for multiple single-point adapters that are easily misplaced. Magnetized cable heads ensure AV installations in meeting rooms, auditoriums, classrooms or exhibition centers stay organized and functional.

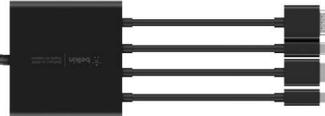

## 4K CAPABLE

Our multiport adapters support video resolutions up to Ultra HD 4K and is backwards compatible for lower resolutions for an enhanced video experience. It also supports audio for all audio-enabled inputs – Mini DisplayPort, USB-C and HDMI (VGA does not support audio).

## POWERED VIA USB-A

Advanced circuitry within the digital AV adapter ensures high-quality performance across all inputs. It is powered by an attached USB-A cable which connects conveniently to your HDMI projector/monitor or a nearby power source.

**Made for:** HDMI projectors/displays, devices that connect via Mini-DisplayPort, HDMI, USB-C or VGA
